

When knee pain strikes, it can bring your life to a stop. Worse yet, chronic knee pain can last weeks or even years, keeping you from doing the activities you love most.

ACTIVE THERAPY. RAPID RELIEF.

The OrthoCor[™] Active Knee System[™] is the only device on the market with OrthoCor's patented **Pulsed Resonance Therapy (PRT)**, one of the most advanced restorative therapies available today.

THE PAIN RELIEF YOU NEED

OrthoCor's breakthrough PRT uses specialized **Pulsed Electromagnetic Field (PEMF)** to provide relief through safe, clinically proven therapy.

PRT has treated these conditions successfully:

➤ Chronic Pain

➤ Arthritis

➤ Swelling

➤ Post-operative pain

before

after

BENEFITS

- ✓ Drug-free pain relief
- ✓ Wearable design for therapy on the go
- ✓ Noninvasive and easy-to-use
- ✓ Helps return you to an active lifestyle

ACTIVE THERAPY. RAPID RELIEF.

Inside every Active Knee System is the OrthoCor, a powerful microchip that delivers PRT directly to the source of injuries and chronic pain, accelerating the body's natural recovery response.

GET BACK TO WHAT MATTERS

"I had to have surgery on both knees for my meniscus. I tried the OrthoCor Active Knee System and after about three days, I felt relief on my knees. I have a grandson I watch 2 days a week and I've actually been able to run after and catch him."
